1. Background of FANI Situation

Cyclone Fani, one of the most severe storms to hit Odisha in recent years, made landfall on 3rd of May, 2019. More than one million people were evacuated from the coastal regions of Odisha. Fani caused devastation to nearly 11 districts, Puri district being worst affected. Many villages of Puri witnessed complete meltdown. Massive destruction was caused to thatched houses, trees, livestock, crops, electricity, access to public utility systems and access to basic necessities. Government of Odisha was well prepared to tackle the aftermath of cyclone but the destruction was so severe that government needed some more time to completely deal with the situation. The worst affected population faced following problems:

- Lack of shelter as houses of many families were completely destroyed.
- Lack of drinking water.
- Lack of proper sanitation.
- Shutdown of electrical networks.
- Shortage of food items.

(Picture 1: Fani affected family, in Puri district)

In view of the severity of the situation Mahashakti Foundation (MSF) actively participated in the relief and rehabilitation works for the affected families across Puri and Khordha districts with the esteemed support of **Habitat for Humanity India Trust** and **CARE India**. Following were the interventions and developments carried out by MSF officials towards the same.

2. Meeting of MSF's Top Management

On 4th of May, the next day of landfall of cyclone Fani, MSF's top management met with officials of Habitat and Gram Uthan to discuss how the relief and rehabilitation works could be provided to the Fani affected population. The discussion was fruitful and all the decisions regarding surveys and rapid assessments were made. As Puri was the worst affected district so surveys and rapid assessment of villages of Puri were given top priority.

A meeting was arranged with the officials of MSF and CARE India in which it was planned to distribute 500 relief kits provided by CARE India, in the worst cyclone affected villages of Khordha district.

(Picture 2: Meeting with CARE India and MSF officials)

3. Surveys and Rapid Assessments of damages at Puri and Bhubaneswar

(Picture 3 and 4: Surveys being done by MSF officials)

On 4th of May two teams went for surveys in Bhubaneswar region. They surveyed in four worst affected slums of Bhubaneswar. The teams obtained survey data regarding damages incurred to houses, livestock, drinking water and food items. On 5th of May two teams went to Puri and surveyed more than 19 worst affected villages of Puri district. The situation at Puri was too precarious and demanded immediate action. All the collected data from Bhubaneswar and Puri regions were consolidated and was kept as a reference for action plan. According to the obtained data a total of 6441 households were heavily affected by cyclonic storms in 19 villages.

4.MSF's Interventions in association with its partners

4.1 In Puri District

(Picture 5 and 6: Relief kit being distributed by MSF team in Nahartota Bhoi Sahi village)

MSF's employees donated an amount of nearly INR 1,70,000/-, and from that donation MSF provided relief kit to the families of a village named Nahartota Bhoi Sahi in Puri Sadar block. 36 cyclone affected families of this village were provided with relief kits. The kits were distributed in the presence of MSF's President Shri Santosh Kumar Mishra and MSF's Managing Director and CEO Shri Jugal Kishore Pattnayak. Each kit contained following items:

- One saree
- One detergent packet to wash clothes
- One bedsheet
- One towel
- One dhoti
- One bathing soap

(Picture 7: MSF staff members distributed free meals to the cyclone affected families of leprosy colony of Puri district as on 16.05.2019.)

4.2 In Khurdha District

(Picture 8, 9, 10 and 11: Relief kits being distributed by CARE India in association with MSF)

- For distribution of relief kits a meeting was organized between **CARE India** officials and officials of MSF. In the meeting it was decided that the first relief distribution will be done in Balipatna and Baliana blocks of Khordha Block.
- A team consisting of CARE India and MSF officials visited the two blocks and met with respective stakeholders thus finalized the selection criteria. The criteria for selection of beneficiaries were as follows:
 - Completely damaged houses (Huts)
 - Partially damaged houses
 - Women headed households
 - Persons with disability
 - Widow
- After finalizing the selection criteria, volunteers of CARE India and MSF prepared the list of beneficiaries as per criteria. According to the list a token was given to respective beneficiaries so that at the time of relief distribution the beneficiaries could produce the same and would be eligible for relief kit.

- The distribution program continued for four days. MSF's team constituted of seven volunteers and headed by Mr Ashutosh Dash. On 15th of May 126 relief kits were distributed to affected household members of Purohitpur village. On 16th of May the kits were distributed to 134 household members of Panikata village. On 18th and 19th of May the kits were distributed to 340 household members of Alisi Sasan village. Following items were provided to the cyclone affected families through Shelter and WASH kit of CARE India:

4.3 Relief Kit Distribution by MSF in Association with 'Habitat for Humanity India Trust' and Supported by 'Govt. of Hong Kong Special Administrative Region'

The distribution of HAKs was completed with due process as instructed by Habitat for Humanity, India and Govt. of HKSAR. The selection of affected households was done by conducting household survey with local public representatives and village leaders followed by the following criteria on priority basis:

- Cyclone affected family.
- Woman/widow Headed family
- Damaged houses with 50% or more.
- BPL family

List of Emergency and Household Kit Materials supported by Habitat for Humanity India

After selection of the affected families, approval was taken from Habitat for humanity India and token was distributed to the concern household accordingly mentioning relief distribution point, time and date. They came with prescribed token and received their HAKs at the relief distribution point.

5 nos of volunteers had been appointed by the facilitating agency HFHI for online social cop's entry at the distribution point. All the beneficiaries have been entered in that social cop's software. The whole program was conducted successfully with 3005 HAK Kit distribution supported by Hong Kong Special Administrative Region (HKSAR) in 30 villages of Puri and Khordha districts of Odisha.

Mahashakti Foundation contributes over ₹4 crore for Fani relief

BHUBANESWAR: Bhubaneswar-based charitable trust Mahashakti Foundation (MSF) with the support of Habitat for Humanity India, Hero, SPCL and Hong Kong Special Administrative Region (HKSAR) spent over Rs 4 crore in relief and rehabilitation for cyclone Fani victims. MSF distributed relief kits to 6,050 families in 40 villages of Puri, Brahmagiri, Bhubaneswar Jatni Blocks, informed Foundation President Santosh Kumar Mishra at the 15th Foundation Day celebration function here. Mahashakti Foundation has been working for empowerment of women and creating employment opportunity for them to make them self-reliant. It also works on providing relief and rehabilitation to the victims of natural disasters. —PBD

Conclusion

The relief and rehabilitation work started from May 2019 and continued till Nov 2019. During this period more than **6250** relief kits (Rs 3.81 Crores) were distributed by the support of Care India, Milaap, Habitat for Humanity and Yes Bank. and other disaster management works were carried out. Staff members of Mahashakti Foundation also contributed relief materials to 100 households. The high point of this program was the immediate relief support given to worst affected households. We thank to all our donors for their immediate support during this natural calamity. I also thank the local administration, PRI Members, all our staff members for their on time support to manage this relief distribution drive.

Jugal Kishore Pattnayak – CEO Mahashakti Foundation
